FARMS Preliminary Reports

The Foundation for Ancient Research and Mormon Studies (FARMS) was founded in 1979 as a clearinghouse to distribute scholarly articles focused on Latter-day Saint scripture. Within a few years, FARMS began collecting and distributing its own “Preliminary Reports.” These were said to consist of “tentative papers reflecting substantial research [that was] not yet ready for final publication.” FARMS made them available “to be critiqued and improved and to stimulate further research.”

Having since absorbed FARMS into the Willes Center for Book of Mormon Studies, the Maxwell Institute offers the FARMS Preliminary Reports here in that same spirit. Although their quality is uneven, they represent the energy and zeal of those who sought to enrich our understanding of LDS scripture.

If you possess copies of Preliminary Reports that are not included on our website, please contact us at maxwell_institute@byu.edu to help us provide the most complete collection possible.
